Collier Retains Nomination.

Thomas H. Collier retains the nomination for county judge in Nicholas. The Nicholas County Democratic Committee met in Carlisle Wednesday to consider further some questions in regard to the Democratic nomination for the office. The meeting was held behind closed doors, no one was permitted to be present except Judge McNew and his attorney, William Conley, and T. H. Collier and his attorney, Judge Samuel Holmes. The question as to whether or not the committee, after declaring T. H. Collier the nominee has a right to canvass the returns of the questioned ballots was argued before the meeting, and the committee unanimously determined that it was not within its power to again take up that matter, so the vote remains as reported, McNew 615; Collier 616, giving Collier a majority of one over McNew.

Result of Clark Primary.

The following is the result of the Clark county Democratic primary which was held Tuesday:

R. D. Hunter was nominated for representative over W. T. Ogden, by 888 votes and Jonas B. Bush, for Circuit Clerk, over Mr. Clay Aldridge, by a majority of 482. In the County Attorney's race, S. T. Davis beat S. A. Jeffries, the present incumbent by 720. J. A. Boone, the incumbent was re-elected County Clerk over Clay Aldridge by a vote of 467.

The race for sheriff was close until the last few days when Baldwin and Jones put forth very little effort. Brock was the winner by a majority of 896.

John E. Lanter was elected Superintendent of the County Schools over Miss Stevenson and Miss Mary Betts, by a plurality of 116. In the Assessor's race, John G. Bedford had an easy victory with a plurality of 210 over Allen Brown, D. A. Hughes and W. T. Hillton. James Mullins, for jailer had a plurality over C. A. Sullivan of 212. In the Coroner's race there was four candidates, Dr. H. C. Nunnally, Dr. A. Caskie, L. Bringer and Lewis Williams. Dr. Nunnally was nominated by a plurality of 219.

Judges.

Mr. Taft in his speech at Charlotte called the Federal judiciary "the strongest bulwark that we have in this country to protect ultimately our institutions of civil liberty," and proclaimed as the rule governing his own policy in relation to appointments that "there is no more sacred duty than the Executive has than in the selection of men whose appointment and service on the bench will strengthen it (the Constitution) with all the people at large."

Nothing that Mr. Taft is likely to do as President can be of more importance to the country than his selection of Federal Judges, says the New York World. He has already expressed the opinion that "the greatest question now before the American public is the improvement of the administration of justice, civil and criminal," but there can be no such improvement unless men who are in sympathy with reformed procedure are named for the bench.

Our courts have inherent powers that are beyond the authority of any Congress or Legislature to change. They have constitutional powers such as have been vested by no other country in such tribunals. No Congress, no Legislature, can enact a law abridging the constitutional rights of any American citizen unless the court acquiesces. No statute can deny justice or work injustice unless the courts co-operate to give it validity. Indeed, the only law that has a practical existence in this country is such law as the courts will construe and enforce.

Whatever Congress or Legislatures may try to do to diminish the law's delay, the final reform must lie in the judiciary itself, which has the power to interpret what the legislative department has done. Without waiting for legislative action the courts can hasten and cheapen the process of justice by quickening the procedure and by denying appeals that are based on mere technicalities.

The Supreme Court Justices of the State of New York are preparing to form an association which among other things is to consider this matter of expediting procedure. Such an association can remedy most of the serious abuses that have arisen in the administration of justice in this State, and its potentiality for good is immeasurable. The World trusts that the Judges who are promoting the organization will carry it on to completion. New York needs co-operation among the men that construe and apply the law.

While the Federal judiciary, as Mr. Taft says, is the strongest bulwark "to protect ultimately our institutions of civil liberty," it is to the State courts that the average citizen must look for the administration of justice in matters that most immediately concern his welfare. It is not the Federal courts but the State courts that interpret the constitution and laws of the State in relation to its citizens, and the State laws are those that are closest to the daily life of the people.

In a republic, there is no more exalted service than any man can perform than to be "a just and upright Judge," whether he be a Federal Judge or a State Judge.

Where the People Are Heard.

There are Americans who find no virtue in the United States Senate; who now criticize that body because it does not permit its presiding officer to pass bills by the gavel; who weary of Senate debates and who call for precipitate action on the tariff, good or bad, as the one sure forerunner of prosperity.

It is a strange conception of govern-

ment which will not tolerate deliberation, which has no regard for publicity, which accepts at sight anything that is offered and which is wholly satisfied with haste and silence. These are the sorry characteristics of the House of Representatives. If it were not for the Senate, where debate is free, the people would have little voice in the legislative branch of their own government.

The task upon which the Senate is now engaged is the enactment of a law intended to produce annually a revenue of \$300,000,000 or more. It is a prodigious measure of taxation. The burden actually to be placed upon the people is much greater than the sum here named, for the entire proceeds of indirect taxation do not find their way into the treasury.

Levying a tax of \$300,000,000 a year, however, is an important matter. Justly imposed, such an impost would be cheerfully borne; unjustly, it would lead to hardship and disaster. Fairly distributed, the levy would promote good will and a feeling of security; unfairly it would engender class prejudice and discontent. If this law shall have a life of ten years it will take from the people's earnings and estates more than three thousand millions, to say nothing of the other millions by its terms transferred to the hands of favored interests.

What business is more important than this? To what subject can we address ourselves more profitably than to this? Where shall prosperity and peace and justice be found if not in the terms of such legislation as this?

Divorce Decree Made Public.

It was made public Tuesday by the entering of the decree that a divorce was granted to Mrs. Belle Wisdom Bronston, in the Circuit Court at Lexington on April 12, two days before the sudden death of Mr. Bronston. The decree simply grants the divorce and restores Mrs. Bronston's maiden name of Miss Belle Wisdom. Miss Belle Wisdom, as she will be hereafter known, will in all probability make her home in Lexington, where she has many devoted friends and large property interests.

A Joke.

It naturally follows that if the subject is dropped the discussion is broken up.—Corn-Fed Philosopher.

Nursing Mothers and Over-burdened Women

In all stations of life, whose vigor and vitality may have been undermined and broken-down by over-work, exacting social duties, the too frequent bearing of children, or other causes, will find in Dr. Pierce's Favorite Prescription the most potent, invigorating, restorative strength-giver ever devised for their special benefit. Nursing mothers will find it especially valuable in sustaining their strength and promoting an abundant nourishment for the child. Expectant mothers too will find it a priceless safeguard against the system for baby's coming and rendering the ordeal comparatively painless. It can do no harm in any state, or condition of the female system.

Delicately Nervous. Weak women, who suffer from frequent headaches, back-ache, dragging-down distress low down in the abdomen, or from painful or irregular monthly periods, gnawing or distressed sensation in stomach, dizzy or faint spells, see imaginary specks or spots floating before eyes, have disagreeable, pelvic catarrhal drain, prolapsus, anteversion or retro-version or other displacements of womanly organs from weakness of parts will, whether they experience many or only a few of the above symptoms, find relief and a permanent cure by using faithfully and fairly persistently Dr. Pierce's Favorite Prescription.

This world-famed specific for woman's weaknesses and peculiar ailments is a pure glyceric extract of the choicest native, medicinal roots without a drop of alcohol in its make-up. All its ingredients printed in plain English on its bottle wrapper and attested under oath. Dr. Pierce thus invites the fullest investigation of his formula knowing that it will be found to contain only the best agents known to the most advanced medical science of all the different schools of practice for the cure of woman's peculiar weaknesses and ailments.

If you want to know more about the composition and professional endorsement of the "Favorite Prescription," send postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for his free booklet treating of same.

A Constipation Remedy Free

There is no action of your daily
life of greater importance than to see
that your bowels move. They should
move at least once a day naturally,
and by that is meant without any help.
If they do not move at least once a
day you can consider yourself consti-
pated and it is time you did some-
thing about it.

You will be glad to know there
is a way out of the difficulty. Lem-
uel Landerdale, an old soldier at Quincy,
Ill., Elmer McMillan, of Speed, Mo., Mrs.
Monahan, of Stonewall, Miss., and many
others were as you are now. But one
day they awoke to the fact that Dr.
Caldwell's Syrup Pepsin was curing their
friends, so they bought it too and it
cured them. Today they are loud in
praise of it.

What Dr. Caldwell's Syrup Pepsin did
for them it should do for you. Surely your
constipation is no worse than theirs, one
of whom had it since '61. It only remains
for you to realize that salts are of but
temporary good, and what you want is a
permanent cure; that purgative tablets,
cathartic pills and such violent things
make a great show of doing something,
but do nothing that is lasting. Dr. Cald-
well's Syrup Pepsin is a scientific prepa-
ration, a laxative- tonic, a mild syrupy
liquid that contains ingredients that not
only cure the constipation, but tone the
intestinal muscles so that they learn
again to work without help. A bottle can
be bought of any druggist for the small
price of 50 cents, and there is a dollar
size for families who have already found
out its wonderful value in stomach, liver
and bowel troubles in old or young.

Send your name and address to the doc-
tor and a free trial bottle will be sent you
so that you can test it before buying.

If there is anything about
your ailment that you don't
understand, or if you want
any medical advice, write
to the doctor, and he will
answer you fully. There is
no charge for this service.

Postpone Unveiling.

On account of the illness of Arthur
Goebel, who is in the West with his
brother, the unveiling of the monu-
ment of William Goebel will not be
held until some time in June. It was
expected that the statue would be un-
veiled in May, but it is desired to have
Mr. Goebel present, and his health
will not permit him to come to Frank-
fort this month. He hopes to be able
to be there in June at the date to be
fixed by the Goebel monument com-
mission. Senator James B. McCreary,
chairman of the commission, has sent
word to Frankfort persons interested
in the unveiling, that it will have to
be postponed once more. The monu-
ment, which was erected by the people
of the State, has not been veiled for
some months, and is one of the inter-
esting objects in the Frankfort cem-
etery.

HE GOT BIG PAY.

An African Salary That Commanded
Respect and Obedience.

Makuba and Oblanga were two Afri-
cans, the one the captain of a boat
crew and the other subordinate to him.
Oblanga was an independent fellow,
not in the least lazy, who rather re-
sented "bossing." In a book entitled
"The Jungle Folk of Africa" R. H.
Milligan tells of an altercation be-
tween the two men. Makuba, the diplo-
matic, came out of it with flying col-
ors.

The worst disputes between Makuba
and Oblanga took place when they sup-
posed that I was asleep. The native
when he lies down anywhere sleeps
immediately. Whenever I was lying
in the bottom of the boat they always
thought I was unconscious and that no
conceivable noise could waken me.

Captain Makuba orders Oblanga to
"haul away on the peak halyards," to
which Oblanga promptly replies:

"Do it yourself."

"I won't do it; you will do it!" says
Makuba in a threatening tone.

"Are you my father?" says Oblanga.

"No," answers Makuba, with infinite
scorn. "How could a Kombi man be
the father of a creature like you?"

"Then stop giving me orders!" says
Oblanga, with rising wrath. "It is not
the first time you have tried it, and
one of these days you will find out
that it won't do."

"One of these days you will find out
that I am captain of this boat and that
you will have to obey me," says Ma-
kuba.

"Not as long as I carry a gun," an-
swers Oblanga.

By this time they are standing up
and looking hard at each other. But
Makuba would not think of striking a
man in a mission boat. He therefore
becomes diplomatic. Suddenly in a
tone altogether different he says:

"Oblanga, the trouble with you is
that you are just a bushman. You
don't know anything about civilization.
On every big ocean steamer
there is a captain, and every man on
board, no matter what tribe he be-
longs to, obeys the captain."

Oblanga becomes instantly curious
and asks, "Is he rich?"

"Yes," says Makuba; "he gets big
pay, and so do I get big pay."

"How much do you get, Makuba?"

"How much do you think?"

Oblanga thinks as well as he knows
how, his countenance distorted with
the effort, and at length answers re-
flectively, "Two dollars a month." He
himself gets a dollar and a half.

A broad smile engages Makuba's
features as he slowly answers, "Five
dollars a month."

Oblanga gives expression to his sur-
prise in a long, low whistle. It is
quite evident to him that no ordinary
person could command such wages,
and in a tone of utmost complacency
he says: "What was it you told me to do,
Makuba? I forget."

"I forget, too," says Makuba. "Oh,
yes," he adds, "I told you to haul on
the peak halyards."

Maryland Lotteries.

A Baltimore man interested in anti-
quarian research made a collection of
old lottery tickets which gives inter-
esting testimony as to the development
of public morals. Most of the tickets
were given out by Maryland lotteries,
but quite as large a collection could
undoubtedly be made in other states.
Four of the tickets are in the Wash-
ington monument lottery, which was
authorized by the legislature and was
not given up until 1824. As early as
1753 a lottery was advertised to build
a wharf. The drawing took place April
30, 1754. Ten years later one was un-
dertaken to build a market house in
"Baltimore Town" and for "buying
two fire engines and a parcel of leather
buckets." In 1782 a yearly lottery
was authorized to aid the city ex-
penses. Other objects for which
money was raised in this way were
parsonages, church bells, circulating
libraries and gristmills.

HIDDEN DANGERS.

Nature Gives Timely Warnings
That No Paris Citizen Can
Afford to Ignore.

DANGER SIGNAL NO. 1 comes
from the kidney secretions. They will
warn you when the kidneys are sick.
Well kidneys excrete a clear, amber
fluid. Sick kidneys send out a thin,
peal and foamy, or a thick red, ill-
smelling urine, full of sediment and ir-
regular of passage.

DANGER SIGNAL NO. 2 comes
from the back. Back pains, dull and
heavy, or sharp and acute, tell you of
sick kidneys and warn you of the ap-
proach of dropsy, diabetes and Bright's
diseases. Doan's Kidney Pills cure
sick kidneys and cure them permanent-
ly. Here is proof in the statement of
a nearby resident.

Mrs. Mary Witzburger, W. Main
street, Carlisle, Ky., says: "I can
recommend Doan's Kidney Pills very
highly. My kidneys were out of order
for years, causing my back to ache
severely. There was a soreness through
my hips and loins and I also had trouble
from the kidney secretions, the pass-
ages being too frequent. Doan's Kidney
Pills brought me prompt relief and
might also add that another member of
my family also used them for weak
kidneys and was helped in a like man-
ner. I am fully convinced that Doan's
Kidney Pills are the best remedy to be
had for kidney complaints."

EGYPTIAN BARON

Is a black horse 15.2. A grand individual and one of the best representa-
tives of the great Baron Wilkes, now known as the Futurity family. He is
one of the fastest best headed horses in Kentucky, and has been a mile over
my three-quarter track, which is at least three seconds slower than Lexing-
ton, in 2:09 1/4, last half in 1:03 1/4, last quarter in :30 1/4. Although a pacer, he
was a natural and fast trotter, and could trot in 2:40 at 2 years old. Was
raced a little last season for education, and proved himself a game, level
headed race horse, and if he stays right, we predict a record of 2:05 or bet-
ter this year. He has served a few mares, and his colts are good individ-
uals and fast. Egyptian Baron will serve a few approved mares at

\$25 to insure a Living Foal.

Care taken, but no responsibility assumed for accidents or escapes.
Money due in all cases if mare changes hands or is parted with. Mares
kept on grass at \$1 per week.

Paris Downs the Lawmakers.

Paris pulled down another game yesterday from the Champions at Frankfort. The score was 3 to 2, which shows that it was a good game of ball. Quinlan and Elgin was the battery for Paris.

It will now be only a few days until we are knocking at the door of the leaders. We are now at the head of the second division and only twenty-nine points from third place. Keep your eye on us for we are getting our gait. The following is the score by innings:

Paris	0	0	0	0	1	2	0	0	0	3
Frankfort	0	0	0	0	1	0	0	0	1	2

Winchell shut Lexington out yesterday by a score of 4 to 0. No game between Richmond and Shelbyville on account of the latter team missing connection at Lexington.

Paris and Shelbyville broke even in a double-header Wednesday on the latter's grounds, the second game being called at the end of fifth inning. The first game was in favor of Paris by score of 11 to 2, and the second in favor of Shelbyville 2 to 1.

Shelbyville had three new men in their lineup, Thomas, short stop, Wolf, third base; Long, pitcher. The Paris boys had their batting eye with them and forced Livville to be taken from the box in seventh inning. Shelbyville replacing him with Hornback, who did little better.

The features of the game for the Paris team was Ochs, Felix, Hannigan and Barnett at the bat, and Scott stopping two line drives which looked like would be two hits. The following is the score by innings:

Paris	1	2	3	4	5	6	7	8	9
Shelbyville	0	0	0	0	0	0	0	0	0

Two-base hits—Wolf, Doherty, Hannigan, Barnett, 2. First base on balls—off Winchell 4; off Hornback, 2; Linville 1. Struck out—by Hornback 2; Linville 1; Winchell 3. Double plays—Gruenisen to Kuhn 2. Umpire—Rasche.

The second game was called after the ending of the fifth inning. The following being the score by innings:

Paris	1	2	3	4	5
Shelbyville	0	0	0	0	0

Two-base hits—Barnett, Thomas, Hornback, Gruenisen. Struck out—by Winchell 3; by Hornback 2. Double plays—Wolf to Gruenisen to Kuhn. Time of game—1:25. Umpire Rasche.

NOTES.

Today's games are as follows: Paris at Frankfort; Shelbyville at Richmond; Winchester at Lexington.

Paris has developed into the best baseball town in the Blue Grass League. The games draw larger crowds here than at any of our sister cities.

The following is schedule of next games in Paris: Frankfort Saturday, 3:30 p. m.; Richmond, Sunday, 3 p. m.; Richmond Monday, at 10 a. m. and at 3:30 p. m.

The grounds at Shelbyville were in a horrible condition, being very sloppy, several loads of sand had been spread over the diamond, but instead of being a benefit proved to make them worse.

Winchell pitched both games at Shelbyville, and under the unfavorable condition of the grounds pitched great ball. He was supported in great shape, the Bourbonites not making an error in either game.

This "winning habit" that the Bourbonites are developing is very popular with the fans.

Shelbyville has released Hogarty, Ellsworth and Damasky.

It is the opinion of a number of fans that a pitcher should never be allowed to pitch a double-header. The public is always "mighty" proud of him if he wins one game a day.

Pitcher Poole, of the Evansville, Ind., Central League team, has been signed by Manager Schmidt, of the Paris team. He is a six-footer and a left-handed twirler and considered phenomenal in the box.

Guinn and Swearingen have been released by the Paris manager.

Winchell, Dugger, Poole and Quinlan, the pitching corps of the Paris team are considered as four "buddies" that will make the best of them take notice.

Manager Schmidt will get in the box himself as soon as the weather warms up and show you a few things himself. "Smittie" is alright.

"Cy" Young, of Cleveland, who is one of the greatest pitchers in the country was never a "strike-out" pitcher but let batsmen hit the ball. Young is now pitching his twentieth year.

Eighty-Six Specimens Secured.

Colonel Roosevelt is now a guest of Governor Jackson, of Nairbro, and the result of the expeditions and hunting trips has been assembled. Roosevelt has secured 86 specimens of game of 22 varieties. The naturalists of the party obtained about a thousand specimens of birds, mammals and snakes.

Candidate for Governor.

The Jessamine News in a strong editorial in Wednesday's issue, is urging the announcement of Col. Bennett H. Young, of Louisville, for the Democratic candidate for Governor. Col. Young is a native of Jessamine county and belongs to a family that has always figured prominently in the history of that county.

Troops Recalled.

Acting Adjutant General Garnett Ripley has ordered the detail of four militiamen who have been stationed at the Benson quarries below Frankfort relieved and they have returned to their homes in Lexington. Private detectives have been put on duty in order to ascertain if possible who is responsible for the threatening and warning notices which have been received by the negroes employed at the quarries. The soldiers were on duty about two weeks.

Makers of Notes Must Pay.

That the maker of a note is responsible for its payment, though it may have been sold after being deposited as collateral, was held by Judge Matt O'Doherty, of Louisville, under the negotiable instrument act of 1904, which is the source of many new decisions. The finding was in a case where the note was deposited in bank to secure a loan, and later, the depositor became a bankrupt. The note was sold by the bank and the original maker of the note sought to be relieved from payment. The endorsers, the bank and the depositor resisted payment, but the court decided as above.

Eastern Star Chapter.

Eastern Star Chapter of Masonry, of Shawhan, initiated a class of ten Tuesday afternoon at their lodge room at Shawhan. C. A. McMillan and M. H. H. Davis, of this city, were among those who took the degree. The ladies served an elegant dinner before the work was begun. This is the women's chapter of Masonry and this chapter is one of the oldest in the State. There was a class of twenty to go through Thursday but only ten of them made their appearance. The Grand Chapter meets in Paducah in October.

Lorimer Elected Senator.

Congressman William Lorimer, of the Sixth Congressional District of Illinois, was elected United States Senator at Springfield Wednesday by the joint session of the General Assembly and the long contest over the Senatorship was closed. The election came about through a coalition of Democratic assemblymen and anti-Hopkins Republicans. The hall of Representatives through the hours preceding the close of the deadlock was crowded with a host of politicians. Strong efforts were made by former Senator Hopkins' aids to head off the break to Lorimer, but they were unavailing. The break in the deadlock was accompanied by several exciting incidents. In all fifty-three Democrats voted for Lorimer.

"Jack the Peeper" Here.

Shortly after nine o'clock Monday night a would-be "Jack the Peeper" or burglar, was seen on a ladder at a window in the second story of the residence of Mrs. Minnie Wilson, on High street. Thomas McDonald, a near neighbor, was notified, and upon reaching the scene took a shot at the would-be intruder, who descending the ladder rapidly, jumped and made his escape in the darkness. The ladder is one in use at the Grand Opera House and had been carried to the residence. The police were notified and believe the man was one of a gang that usually follows a circus exhibition.

Withdraws Resignation.

Adj. Gen. P. P. Johnston has withdrawn his resignation as head of the State militia at the request of Gov. Willson. After a short vacation on his Florida plantation he will return to Frankfort and again take up the duties of office.

The Paris Grand.

The crowds continue to flock to the Paris Grand to see the good bills that are being presented nightly, notwithstanding the rainy weather, the attendance for the first half of the week which closed Wednesday night, was far above the average.

Fred Jarvis, monologist was a scream from start to finish, and with a line of talk, such as he "gets off" can not help but please the most particular audience.

Hawley and Olecott presented an unusually smart skit "Just Married a Week," in which they draw away from the regular cut and dried path and work along lines of their own and obtain results which would otherwise be impossible.

Last night there was an entire change of program composed of Fred Hamilton, eccentric pantomime acrobatic jumper. Mr. Hamilton is late of the John Robinson circus and seldom do you have an opportunity to witness an act of this kind on the local stage, his act is one of the most original entertainers of this kind and his "silence and fun" cannot fail to amuse you.

Possibly the best act of the week is J. Theo. Murphy and Lillian Washburn, "The Comedy Boomers." They have a routine of jokes and short talks that are agreeably funny and keeps the audience in high good humor. Miss Washburn is a sister of the famous Washburn sisters, singers. She has an unusually elaborate wardrobe and changes costumes for each performance.

Miss Nellie Lovely rendered the illustrated song "A Little Cozy Flat" and received the usual applause, which is always accorded her. The motion picture, "In Old Arizona" and Sandy McPherson's Quiet Fishing trip" were very realistic and created a great deal of enthusiasm.

It seems that each bill is better than the one previous and it is not an unusual thing to see the same crowds over and over again at this popular amusement place. For to stay away might mean missing one of the many rare treats that are being offered nightly.

The New Grand Commander.

Mr. Joseph Ewalt, of Bourbon, is the new Grand Commander of Knights Templar of Kentucky, and Mr. Wm. E. Board, of this city, is the new Grand Standard Bearer. Both of these Bourbonites are enthusiastic Masons, fine gentlemen and splendid fellows. Mr. Ewalt is a member of Cynthiana Commandery, still Bourbon claims him and is proud of the honor bestowed upon him and Mr. Board.

Ex-Bourbon Gets Consulship.

Samuel McClintock, a former Millersburg boy, and a brother of John McClintock, of Lexington, was on Wednesday appointed United States Consul to Tegucigalpa, Honduras, at a salary of \$2,500 a year. Mr. McClintock went to Chicago several years ago and had been connected with the University of Chicago for some time, where he had been preparing himself for entering the Consular service. It is not known when he will take charge of his post.

Southern Floods.

Reports indicate that the loss from present high waters in Alabama and Mississippi will be considerable. The railroads have suffered much loss and reports are that much damage has been done to private property in the flooded district. Practically every river and creek in lower Alabama and Mississippi is at flood stage, resulting in practically drowning all the lowland crops, the destruction of much cattle and loss of timber.

III Two Hours.

W. P. Smoot, superintendent of turnpikes of Mason county, died at his home in Maysville Wednesday night after an illness of two hours of acute indigestion.

Funeral of Trained Cockroach.

A Boston, Mass., special says: "Alonzo," the trained cockroach, the pride of the rich young Harvard students who make Holworthy Hall their college home, is dead. His owner, Karl S. Cate, and his fellow students at Holworthy conducted a ceremony in memory of Alonzo, the chief mourners were F. P. Farquhar, T. S. Green and Captain Currier and Manager Cable, of the baseball team, the men who were responsible for much of Alonzo's training.

Green taught Alonzo to balance himself on the edge of a pipe; Currier and Cable laid out a small baseball diamond and taught Alonzo to slide to bases, and Paine, student taught Alonzo to lie down and play dead when he cried "Yale." All these tricks were mournfully related at yesterday's ceremony. The Holworthy Hall cat was the cause of Alonzo's taking off.

Taxing Burned Whisky.

Taxes must be paid to the State of Kentucky on the 70,000 barrels of whisky destroyed by fire at the Greenbaum Distillery at Midway, just the same as if there had been no fire, and the 3,000,000 gallons had not gone up in a blue blaze and killed all the fish in Elkhorn creek.

That litigation may result over the collection of this tax is the belief of those in the office of Auditor James, and the novel question may have to be settled by the courts.

Under the Kentucky law whisky is valued by the Board of Valuation and Assessment by the barrel. The tax is paid to the Auditor. The valuation fixed for the last several years has been \$8 per barrel. The tax is charged when the whisky is withdrawn from the bonded warehouse. The rate was raised this year to a valuation of \$9 per barrel.

The whisky destroyed had been in the bonded warehouse for several years, and the total tax is paid when the whisky is withdrawn. Under the law the whisky destroyed will have to pay the tax the same as if it were withdrawn. At least that is the ruling of the Attorney General, who was asked for an official opinion by Auditor James.

HONOR ROLL

Of Paris City School For Ninth Month—142 Names on Roll—Average Attendance 467.

The average daily attendance for this month is 467, a loss of 34 from last month. The reduction is almost wholly due to the voluntary withdrawal of pupils over 14 years of age. Why so many parents permit this is very strange indeed. Everything is in a prosperous condition. All are looking forward with bright anticipations to commencement week. There is an excellent Honor Roll—142; 34 in High School. Many missed it because of inexcusable absence or tardy marks, or because the department was not satisfactory.

It is not enough to be faithful for one month, nor one term; children, unless sick, should be taught to remain in school the whole year. Let all come the remaining weeks.

Put This Stove in Your Kitchen

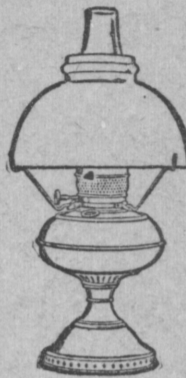

It is wonderfully convenient to do kitchen work on a stove that's ready at the instant wanted, and out of the way the moment you're done. Such a stove is the New Perfection Wick Blue Flame Oil Cook-Stove. By using it you avoid the continuous overpowering heat of a coal fire and cook with comfort, even in dog-days. The

NEW PERFECTION

Wick Blue Flame Oil Cook-Stove

is so constructed that it cannot add perceptibly to the heat of a room; the flame being directed up a retaining chimney to the stove top where it is needed for cooking. You can see that a stove sending out heat in but one direction would be preferable on a hot day to a stove radiating heat in all directions. The "New Perfection" keeps a kitchen uniformly comfortable. Three sizes, fully warranted. If not with your dealer, write our nearest agency.

Meeting of Kentucky Mutual and Co-operative Insurance Ass'n.

The third annual meeting of the Kentucky Mutual and Co-operative Fire Insurance Association was held in Lexington Wednesday, and the delegates were entertained by the Hurst Home Insurance, Company of Millersburg, which is a member of the Association. Delegates were present from all parts of the State, and many men prominent in the Mutual Insurance business of Kentucky were present. The meeting was called to order at 10 a. m. in the county court room by President Anton Geistlich, who is also President of the German Mutual Fire Insurance Company of Louisville, this being the oldest Mutual Fire Insurance Company in the State, having been organized in the year 1855.

This Association represents all the Mutual Fire Insurance Companies of the State, a total of 23 and representing a business of over forty-two million dollars and nearly forty thousand policy holders.

The welcome address was delivered by Mayor John W. Skain and the response was made by Mr. C. W. Nagel, of Newport, Ky. Several excellent papers were read and addresses were made by many of the delegates. It was a meeting of much importance to the Mutual Insurance people of the State, and will long be remembered by those present.

This organization was organized three years ago by Mr. F. F. Hurst, of Millersburg, who held the most important office of the Association ever since, that of Secretary. Mr. Hurst is only thirty-nine years of age, but he has been connected with the Mutual Insurance business ever since attaining his majority and is now recognized as one of the best posted men on the Mutual Fire Insurance business in Kentucky, and is recognized as a leader among them.

Six years ago he was given the management of the Hurst Home Company, of Millersburg, and in that time he has trebled the amount of business of the company, and is now carrying over a three million dollar business, and this is confined strictly to the business of the farmers of the ten counties in which his company operates.

CORSETS

The Perfect Corset for Large Women

It places over-developed women on the same basis as their slender sisters. It tapers off the bust, flattens the abdomen, and absolutely reduces the hips from 1 to 5 inches. Not a harness—not a cumbersome affair, no torturing straps, but the most scientific example of corsetry, boned in such a manner as to give the wearer absolute freedom of movement.

New W. B. Reduso No. 770 for large tall women. Made of white coutil. Hose supporters front and sides, also made in batiste. Sizes 20 to 36. Price \$3.00.

New W. B. Reduso No. 772 for large short women, is the same as No. 770, except that the bust is somewhat lower all around. Made of white coutil. Hose supporters front and sides. Also made in batiste. Sizes 20 to 36. Price \$3.00.

Ask any dealer anywhere to show you the New W. B. "Hip-subduing" models from \$1.00 to \$3.00 per pair.

The New Order at the White House.

Not the least interesting of the new policies at Washington is that inaugurated by Mrs. Taft, under whom the Executive Mansion has undergone transformation from an official residence into a private home.

The innovations to that end have included a reduction of the staff of attendants, the installation of a housekeeper acting under Mrs. Taft's direction and the abolishment of all unnecessary formality. These changes have been effected without any impairment of the household service or curtailment of official hospitality. A force of twenty-six servants is maintained, and a recent dinner of thirty-two covers testified to the White House facilities for elaborate entertainments.

What Mrs. Taft has sought to do is to restore the social character of White House life, long since subordinated to official interests, and visitors familiar with its traditions have noted the altered tone.

New Traction Line.

Steps have been taken to secure an electric traction line from Winchester to Sharpshurg, Bath county, by way of North Middletown, Bourbon county, and a large delegation from the Winchester Commercial Club went in automobiles yesterday to North Middletown, where they met a similar delegation from Sharpshurg, and discussed the matter. This road would open up a rich country that now has no railroad facilities of any kind. The people along the road are very enthusiastic, and it is said the right of way and a large portion of the money to build the road is ready. This is something we have on numerous occasions urged the Paris Commercial club to look into, but our people will wait until after Winchester has landed the enterprising and then begin to talk about it.

It Is Not Too Late Yet.

IT'S A FOREGONE CONCLUSION

that something will happen if inferior material and workmanship are used in your plumbing work. The water pressure will soon find or make leaks through the weak spots or defective joints. Moral: Be sure you employ a plumber that knows his business, and doesn't skimp his work. We pride ourselves on being that kind.

SIMON'S GREAT REMOVAL SALE.

TREMENDOUS SACRIFICE ON SEASONABLE GOODS.

We are going to move! We have about completed our new building directly across the street from our present location. Now, like all similar occasions with a business house, we intend to follow the precedent established by other institutions under similar circumstances, and make a big advertising proposition out of it; but from which the people shall reap the benefit. Consequently, we have planned to reduce the stock to the least possible amount by holding a Removal Sale, and thereby lighten our burden, and the public shall reap the benefit.

Everybody knows what moving an established Dry Goods business means. Everybody knows it means a herculean task to perform to vacate the entire premises we now occupy of all its contents, to move a "million and one" articles of all sizes and shapes.

Now, we don't want to do this if we can help it. We want to lighten the task as much as possible. Bargains like ours have never been offered before in this vicinity.

This is an opportunity of a lifetime—a record-breaker in bargains, which our limited space does not permit to mention.

Don't miss this Sale—It is a Money-saving Sale. Everything in the house Cut during this great Removal Sale.

Remember this Sale is Strictly for Cash.

Sale Begins Saturday, June 5.

A Sad State of Affairs.

"ALWAYS GOOD, SOMETIMES BETTER."

A Turk Who Wanted to Know.
He was a very wealthy landlord and a descendant of the old sultans of Marash and Albistan. He would ask us every question under the sun—from the history of the royal family to the views of the English on matrimony; whether England was smaller than London and which belonged to France; how much bigger the Turkish fleet was than the combined armaments of England, France and Russia and what was the fashionable costume at home. We drew elaborate maps of the world for his benefit on paper six inches by eight inches and the most artistic and faithful portraits of trains, steamers and hansom cabs. And I think I may say with perfect confidence that, after gravely discussing our statements with his servants and neighbors, he disbelieved them all with perfect impartiality.—*Notes From a Diary in Asiatic Turkey.*

An Iron Tip.
"Now, boys," said the teacher, "can any of you tell me how iron was first discovered?"
A hand shot up.
"Yes, sir!" cried Thompson.
"Well, Thompson, just tell the class what your information is on that point."
"Please sir," replied the scholar, "I heard father say yesterday they smelt it!"

Then the Joke Was on John.
An Englishman and a colonel of the United States army were present at a Fourth of July celebration. The band began playing "Yankee Doodle," and the Englishman, not being in the spirit of the occasion, testily asked, "Is that the tune the old cow died of?"
"Oh, no, not at all," retorted the colonel. "That is the tune the old bull died of."—*Pittsburg Chronicle-Telegraph.*

Fistic Repartee.
She pouted, withdrawing her hand. "I'll button it myself," she said. "You'd never make a scrapper. You're too awkward with the gloves."
"But see how neatly I can land one on the mouth," he said, suiting the action to the word.
Then he heard her father approaching and displayed some marvelously clever and swift footwork.—*New York Press.*

Lincoln's Freedom From Cant.
One of the delightful things about Lincoln was his freedom from cant. He never set out to "set an example." He lived his life simply and naturally, thought out and spoke the thought that was in him, did the work he found to do and let his example shift for itself. By consequence it is one of the great examples, one of the great inspirations of human history.—*Harper's Weekly.*
